## Toll Free Phone Service To Pass Christian Started By Southern Bell System

Midnight Saturday was the zero hour for a new era in telephone service in Bay St. Louis and surrounding territories.

The operation, known as the "Extended Scope" or more commonly called toll free service was inaugurated at that hour.

This service will enable Bay St. Louis subscribers to talk with telephone subscribers in Pass Christian by simply picking up their telephone and asking for Pass Christian, give the operator the desired number and she will complete the connection.

If the desired Pass Christian number is not listed in the directory the legal subscribers have the opportunity to ask for the Pass Christian information operator.

The subscribers of the Southern Bell, who are served from the Logtown exchange can also share in this new venture.

In the case the phone user should first dial zero and ask the Bay St. Louis operator for Pass Christian. When she answers the subscriber should then give her the number desired and she will complete the connection.

J. C. Dabney, group manager of the Southern Bell Telephone and Telegraph Company said, "This toll free service which went into effect Saturday is one of the many progressive steps taken in coast communications in recent years."

He continued, "If the suggestions offered by the Telephone Company are followed, I am sure subscribers in Logtown as well as those in and around Bay St. Louis will experience no difficulty in taking full advantage of the new toll free service. However, if there are other questions concerning this service please feel free to call your local business office."

## Deposits No Longer Needed For P. O. Keys

The Post Office announced this week that the advance deposits for post office lockbox keys are no longer required. The post office stated that it will furnish one to two regular keys to each box holder without charge.

If more than two keys are needed, a fee of fifty cents will be charged for each additional key. In a statement issued by the Post Office, its spokesman said "This is a change rather than an advance deposit and no refund is made upon surrender of the box and return of the keys. A charge of 50 cents will be made for each regular key not returned."

Please call at the window and collect the deposit which the Post Office previously collected from you. If not called for by December 31, 1955 your deposit will be declared forfeited."

## All Farmers Eligible To Enter Forest Tree Management Contest

All Mississippi farmers are eligible to enter a forest tree management contest sponsored by the Mississippi Forestry Association in cooperation with the Sears-Roebuck Foundation. Contestants may be the owner or a farm operator who is interested in applying intensive improvement to five between now and July 1, 1956.

The purpose of the contest is to promote better farm woodland management in recognition of the importance of the State's timber resources to its general economy. Forestry practices to be considered in selecting one county and five district winners will include tree planting, timber stand improvement, removal of culls and vestings and of course protection from fire, insects, disease and overgrazing.

The contest is sponsored by the Mississippi Forestry Association and the Sears-Roebuck Foundation with guidance by the Mississippi Forestry Commission, Mississippi State College.

## Supervisor's Race In Beat Four To Be Contested Before Judge Dale

The Lander Necaise and Jack Lott election case will be heard before Judge Sebe Dale of Pearl River County sometime during the first two weeks in October.

The Supreme Court of the State of Mississippi appointed Judge Dale to reside over the case.

Necaise and his attorney have contested the election on the grounds that there were irregularities in the ballot box.

## Marsha Blaize To Compete In District Forestry Queen Contest

The District Forestry Queen Contest will be held in Gulfport tomorrow night.

The winner in that contest will represent this district in the State contest which will be held in Jackson.

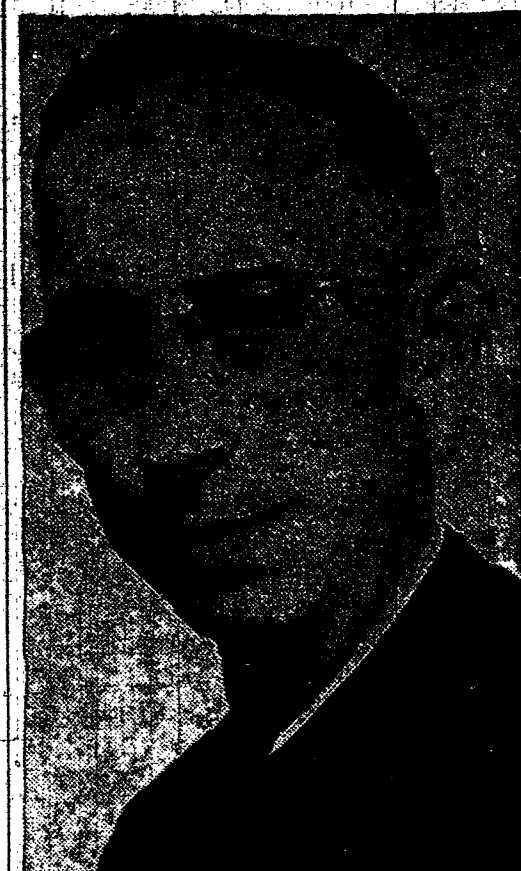

Miss Marsha Blaize, daughter of Mr. and Mrs. Edmund Blaize, will represent Hancock County in the contest.

She was chosen last week over 16 other contestants.

Miss Blaize was presented with a check for \$40.00 by County Forester Marion Parker, to be used to purchase her dress for the district eliminations.

The winner in that contest will be crowned by last year's state winner Miss Miriam Moody of Poplarville.

## Brother Romuald Back Home At SSC Music Hall

Brother Romuald is back home once again in the familiar surroundings of the St. Stanislaus music hall.

Brother Romuald, who has been away from Stanislaus for the past four years, returned for this school term to guide the progress of the Rockchaw musicians.

He is perhaps one of the most well known high school band directors in the entire Southland.

For during his previous 19 year stay at the local prep school, the Sacred Heart brother led his band to 15 Superior ratings in the State contests held in Jackson. In 1950 his band also won first place in a New Orleans contest.

His band was noted everywhere for its flash and for the fullness of its music.

Brother Romuald is a firm believer in fundamentals and works each day with his veterans as well as his newcomers instilling in them the primary things concerning each boy's instrument.

During his stay at Stanislaus Brother Romuald held many offices in the State's music associations.

He served as editor of the Mississippi Notes, a trade magazine, dealing with the high school bands in the State for a period of nine years. He was the organizer of the Gulf Coast Music Directors Association; was chairman of the All-State Band selection committee and he held various offices in the State-wide band Directors Association.

Brother Romuald has been away from his music since he left Stanislaus, but as he said, "Now I am back home."

## S. J. A. Mothers' Club To Hold Membership Drive

Mr. Ivan Bradfords, president of the St. Joseph Academy Mothers' Club announced this week that there will be a membership drive to be held during the month of October.

The chairman of the drive are Mrs. Lawrence Jacob and Mrs. Frank Smith.

It was also announced that the club will sponsor a spaghetti supper sometime during the month of October as the special project of the year.

It has been tentatively set for October 28 and Mrs. J. C. Baxter of Bay St. Louis and Mrs. James De Blanc have been appointed co-chairmen of the ticket committee.

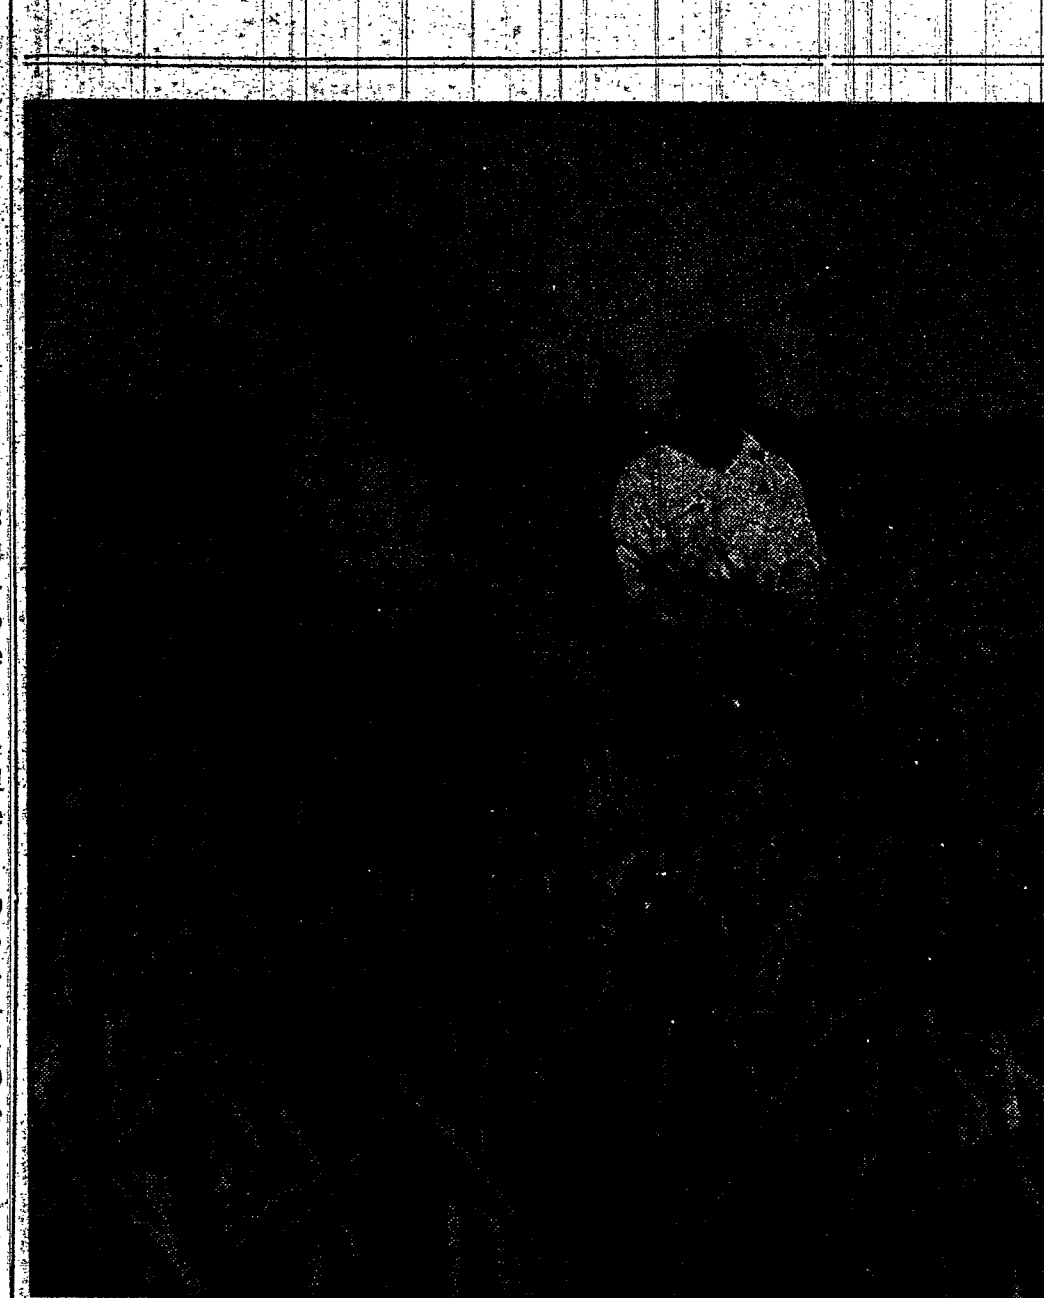

## Ed Kimmel Burned In Boat Blast

Ed Kimmel, resident and fisherman of Bay St. Louis was badly burned about the face and arms Tuesday morning as the result of a boat explosion at the end of the sea wall in Port.

Mr. Kimmel was in the process of starting the engine when the explosion occurred and was hurled into the water by the force of the blast. The boat immediately burst into flames. He climbed back onto the boat to save the trawl and some of the other equipment only to be thrown back into the water by a second blast.

Mr. Kimmel was hospitalized at King's Daughters Hospital Tuesday and was later moved to Toussaint Infirmary in New Orleans where his condition is reported as good.

## Sylvan Ladner Picks Up Three Votes After Ten Boxes Are Examined

GREAT NEWS FOR HANCOCK COUNTY FARMERS—For the outstanding story behind this picture, read the Sea Coast Echo next week. This is a rice grower, and you will become acquainted with all the details of his unusual and true to life story.

## Christ Church School Students Tour Audubon Zoo On October 5

Kindergarten and first grade pupils of Christ Episcopal Day School enjoyed an educational outing Tuesday when they traveled by school bus to New Orleans for a day at Audubon Park zoo. Highlights of the visit were, by enthusiastic agreement, the picnic lunch and the performances of the bears and the monkeys, who charmed the children with their antics.

Students making the trip were as follows: from the kindergarten, Aaron Adams, Linda Ball, Zach Butterworth, Drew Fillingame, Steve Howard, Nancy McDonald, Rosemary McFarland, Sally Porter, Toni Pucheu, Jeff Rose, Buzzy Torgerson, Estelle Lacoste, and Dottie Mauson; from first grade, Tommy Boyd, David Pucheu, Garland Reynolds, Ted Ward, Marshall Wilcox, Penny Hand, Kathleen McAuley, Sarah Dale McFarland, Monica Whitfield, and Suzanne Whitlock.

In addition to Mrs. W. E. Bartram and Mrs. Lewis Sterling, teachers of the group, the following mothers also went along: Mrs. John McDonald, Mrs. Edward Porter, Mrs. Walter Rausch and Mrs. Harold Torgerson.

## Mac Haas Named To Student Printz Staff For Year

Hattiesburg, (Special)—Twenty-two newcomers are among the 40 members of the editorial and business staff of the Student Printz, Mississippi Southern's All-American weekly publication. Executive Editor Bob Harlett, Vicksburg senior, announced this week.

Mac Haas of Bay St. Louis, sophomore, has been named as student business manager of the publication.

Sylvan L. Ladner, Jr., the sheriff-elect of Hancock County, picked up three votes in the Sheriff's recount requested by defeated candidate Gerald V. Price, Sr., after ten boxes had been examined.

Price and his attorney, Ed Lindsey of Gulfport, are also checking and examining the boxes for any irregularities that they may find.

At this point Price, who failed in his second attempt to gain the Sheriff's office said, "I cannot say at this time what we have found and what we have not found, but at this point, 'But I will say that if something irregular is found when the course of action that we take will be left up to the attorney. We are checking for any irregularities that would have taken place in the election."

Ladner, the present City Commissioner of Bay St. Louis, was elected in the August 23 Second Democratic Primary by a margin of 221 votes.

He is being represented in this case by Joel Blass, the prominent election attorney from Wiggins.

Blass speaking on his examination of the boxes, said, "As far as I can see there hasn't been any significant irregularities found."

They have been checking the signatures in the voter receipts books and the signatures in the voter registration books and have also been comparing them with the signatures on the absentee ballots.

"As far as I can gather this is still a fishing expedition, being conducted by Mr. Price and his associates. They really don't know what they are looking for in the boxes."

The tall, wavy haired attorney continued, "I have been in seven counties on election cases since the Democratic primaries and from what I have seen the election was conducted in Hancock County than in any of those counties. There had apparently been a strong effort made here to comply with the laws governing an election, than in any county I have been in."

"As in any election there has been a few honest and simple mistakes made and there is not many of these. We have no idea how long this examination will continue."

Blass said, "For a candidate to contest an election he has to show one of three things.

These things are either a deliberate fraud on the part of many, a wholesale illegal vote or lastly he could point out specific illegal votes and subtract them from the total vote in the results of the election."

The ten boxes which have been entered are Crane Creek, Aaron Academy, Caesar, Flat Top, Catahoula, Gainesville, North Bay, City Hall, Court House and Central School.

In the August 23 primary Ladner carried all of these precincts but the Courthouse box.

Price and his assistants have been checking absentee ballots closely in all of the boxes that have been examined.

A recount of these ballots show that Ladner received 153 absentee votes to Price's 125.

Commenting on Price's examination of the boxes, Ladner said, "As far as I can gather and to the best of my knowledge I cannot see where any irregularities have been found."

"I believe that the election managers did a very good job in handling the election."

Attorney Blass, yesterday afternoon, objected to a Mr. Wallace Jeanfreau, recent resident of Lakeshore, who formerly lived in New Orleans, acting as an unauthorized representative of Price.

He stated the law governing this case specifies that to become involved in the case a person must have a written certificate showing that he is an official representative for one of the contestants.

He said, "I hate to be technical in this matter but we will be here to Christmas if Mr. Jeanfreau is going to argue about every ballot or every little thing that comes up. It takes us five minutes to examine every ballot."

Attorney Lindsey also stated that his client, Price, would have to decide who would make the final decisions regarding the ballot and signature, either he, Jeanfreau or Price.

Price told him that the final decision was left to him, but stated that he would have a written certificate showing that Jeanfreau was a representative appointed by him to assist in this case.

Clerk of Courts A. C. Mitchell, who as Circuit Clerk is custodian of the ballot boxes, is supervising the examination of the boxes.

KNOW YOUR NEIGHBOR—The Know Your Neighbor String Orchestra is shown as it plays for the entertainment of those present at the Know Your Neighbor Club meeting. This meeting is held every Thursday night and the public is cordially invited to attend. At the meeting you will meet newcomers to Bay St. Louis as well as many old residents of the city. The club was organized by Mrs. Joseph Kern and Mrs. Charles Beyer and has grown to a large membership.

# STANISLAUS DOWNS STRONG VIGOR TEAM 13-7; TIGERS DROP ONE TO LEAKSVILLE

## Rhodes Scores Both Rockachaw T. D.'s; Moss Point Tigers Tomorrow Nite

The St. Stanislaus Rockachaws, driven by desire and a spirit that reminded one of the Fighting Irish, of Notre Dame, overcame tremendous odds to beat the heavily favored Vigor Wolves, Friday, night 13-7.

Playing before an overflow home crowd, the Rockachaws, spearheaded by young Billy Rhodes, who at times looked as if he was being propelled by a V-8 engine, and Kenny Artigues, who, for the first time this season, displayed his passing skill, outplayed and outthrust the much larger Wolves, to roll on to victory.

This was the initial win of the season, for Stanislaus, which had previously dropped decisions at Biloxi and Gulfport.

Vigor came into this encounter with a perfect record. It had won two games and had not been scored on in those contests.

But that record fell by the wayside shortly after the game had started.

Stanislaus capitalized on two Vigor fumbles and held the Wolves with their backs to the wall.

Then, like a panther striking its prey, Artigues fell back from his quarterback slot into a well protected pocket to drop a 30 yard pass into the waiting arms of Rhodes, who galloped a few yards over the goal line for the first score of the game.

Artigues, with Larry Mathes

holding, kicked the ball thru the uprights for the extra point.

Vigor struck back on the ground, but was stopped cold by a strong Stanislaus defense. Then on fourth down Vigor attempted a punt which was blocked by the two crashing ends, Bob Pfeuger and Birch Wilbert, and the ball bouncing loosely was picked up by center, Kenny Wittmann who carried it to the Vigor 15.

But the Rocks' hopes were short lived for Rhodes, hit hard, tumbled on the three yard line and the Wolves recovered.

The Rocks held them there and Vigor was forced to punt again.

Rhodes, in a double safety with Artigues, caught the ball with three Vigor men right on him, and ducked in and out to elude a number of tacklers returning the ball 30 yards to the Vigor 20.

Then Rhodes broke through the Vigor line for 11 yards.

Artigues, faced back and threw to Birch Wilbert, who made a stumbling, juggling catch on the three yard line.

With first and goal to go the Stanislaus fans went wild.

But again their cheers were in vain. Vigor dug in and held for the first down. Then an Artigues pass to Wilbert was dropped on the goal line. Another pass was intercepted and the Rocks lost control of the ball.

From that point Vigor marched downfield and crossed the midfield stripe for the first time of the night.

From the Stanislaus 35 yard line Thompson the Vigor field general, tossed a pass into the end zone for a score. The extra point was good and it was a brand new ball game, 7-7.

After the half time intermission the two teams returned to the field, each with a grim determination.

But the Rockachaws showed the spirit they are noted for. Rhodes, Artigues and J. E. Loiacano, moved the ball downfield on the ground. Situated on the 25 yard line Artigues handed to Rhodes, who plowed over his own right tackle and moved in and out of wouldbe tacklers like water running through a strainer, to dance over the goal line for the deciding score of the game.

On that particular play Rhodes left four Vigor men, who had attempted to stop his forward motion, on the ground. He was too elusive for them to stop.

The extra point was missed but Stanislaus had gained a victory margin.

Coach Farley Day was well pleased with his boys. He said, "We thought we played a good ball game. Offensively we moved the ball to the extent that we only had to punt once in the entire game, and that was in the fourth quarter."

"Our passing offense, looked a lot better—both in our protection and in our passing."

## Kantcha Ketchum

### TIDE TABLE

For Week of Sept. 30 Through October 6

	HIGH	LOW
Thursday	10:50 AM	6:37 PM
Friday	12:17 AM	5:55 PM
	11:45 PM	5:54 PM
Saturday	11:48 PM	7:36 AM
Sunday	12:11 AM	10:19 AM
Tuesday	12:46 AM	12:57 PM
Wednesday	1:29 AM	12:57 PM
Thursday	2:20 AM	2:13 PM

Tomorrow night Stanislaus meets its third Big Eight opponent this season in the Moss Point Tigers.

"We should be a little better as far as our reserve strength is concerned," Coach Day said.

Mitchell De Cuir and Jerry LeBlanc, two first stringers, injured in the Biloxi game, are still question marks.

But two late comers in the backfield should see action this week. They are Sam Davis and Riley Adams, who played junior team all last season.

## CHANCERY SUMMONS

THE STATE OF MISSISSIPPI To Edna Davis, 2119 Brainerd St., New Orleans, La.

You are summoned to appear before the Court of the County of Hancock, in said State, on the 4th Monday of October, A. D. 1955, to defend the suit No. 7365 in said Court of Lionel Davis, wherein you are a defendant.

## Three Touchdowns Nullified by Penalties; Tigers Play First Home Game

The Bay High Tigers, playing in the rain and on a water soaked field in Leaksville, fell in defeat to the De Soto Conference co-favorites but issued a warning to all other members that they will be the club to beat in the future.

The Tigers, handicapped by the rain, couldn't use their strong passing attack, but had the Leaksville people sitting on the edge of their seats with their fingers crossed until the final whistle blew.

Bay High lost by one touchdown, 20-13, but the difference on the scoreboard was very obviously caused by penalties. On three different occasions in the game the Tigers lost touchdowns on these misdeeds.

Had Bay High not been set back by penalties then today it would stand as the leader in the DeSoto Conference and would definitely be the favorite to cop the title.

But there is still a chance left for the local school.

If it gets by the rest of its conference games then they may have the opportunity to once again meet Leaksville in the playoffs on a neutral field. It could be a different story if this event occurs.

Tommy Holden and Hugo Favre scored the two tallies that counted for the Tigers. Holden's came on a 55 yard jaunt and Favre scored his from the 22 yard line.

Holden added the one successful extra point on a running play through the line.

Even though they lost Coach Lance Lumpkin was well pleased with the showing of his boys.

He said, "We thought the boys played good ball. This game was the first time since I have been coaching that a team of mine had to play in such rain on such a water soaked field. In some spots the water was six inches deep and the rest of the field was completely covered."

"All of the boys played good ball. We were well balanced from end to end and the backfield showed up well."

Bay High has been prepping for its first home game tomorrow night with the Lumberton Panthers.

The Tigers will meet Lumberton in the St. Stanislaus stadium.

On this encounter, Coach Lumpkin said, "Lumberton has a pretty fair ball club. The outcome of the game will depend largely on how our line will operate. If it will compete with their line we should be able to go. If our boys play as good as they did last week we should give them a good game."

"This week we are going to see if we can use our passing attack. Thus far this season we have not been able to use it. How good it is, we do not know. But we do know that in Wayne Alliston we have a potentially fine passer. We will give him a try at this phase in the offensive attack tomorrow night."

Coach Lumpkin stated that he felt the boys have improved a lot over the Pass Christian game, in both the line and backfield.

He said, "The co-ordination was better. It was about up to par and the precision in executing plays was much better. But in that rain in Leaksville all we had was the opportunity to run a few basic plays."

The Tigers now have a one and one record and will be seeking its initial Conference victory against Lumberton.

## Final Rites Held For Jules Burg

Mr. Jules Burg, Sr., formerly of Bay St. Louis, died in Baptist Hospital, New Orleans, Tuesday, September 13th.

Survivors are his wife the former Carrie Mims, father J. I. Burg, formerly of Bay St. Louis, two brothers and three sisters, six grandchildren.

Funeral services were held from the First Baptist Church, Dr. J. D. Grey, officiating.

Interment was in the Garden of Memories in New Orleans.

## Star Of The Week

The balloting for the Star of the Week honors was very close this week.

Kenny Artigues was selected over Billy Rhodes of the Rockachaws.

Artigues the quarterback for Stanislaus gained this honor for his fine play against the Vigor Wolves.

His passing was excellent. He passed to Rhodes for one touchdown and then had two passes dropped by receivers in the end zone.

His execution of plays and his faking was by far the best of his three year career.

Artigues is a small boy but what he lacks in size he more than makes up for in guts, stamina and desire.

He is one of the main hustlers on the Rockachaws squad.

All the time, in the dressing room or on the field, you can hear him hollowing and peeping up his teammates.

He is well respected by the other members of the team and his decision in offensive matters are carried out with argument.

When on the field he is definitely the field general.

Artigues can also run the handles the split T option play with precision and fine timing.

If he sleeps to keep the ball he can move down field with some of the best.

Kenny is a junior in school and this will be his third year to letter.

With one more year under his belt and maybe a few more pounds this youngster will be a STAR to watch.

## Billy James Sparks Pearl River Junior College To First Win

Billy James, son of Mr. and Mrs. W. W. James of Ballentine Street, sparked the Pearl River Junior College Wildcats to their initial win of the 1955 football season with a 33-6 victory over Itawamba.

James, who guided the team brilliantly, both in his selection of plays and in his handling of the ball, completed two passes for touchdowns.

Both of these passes were complete to Nolan Moore, a veteran end.

Roy Siquefield, Pearl River's big 190 pound left half accounted for two tallies, while little Wayne Dunnaway of Hattiesburg, on a hand off from James, scooted 45 yards down the middle to add the final tally for the Wildcats.

James, who finished high school at Poplarville after transferring from Bay High, was elected co-captain of the squad for this season.

He lettered at quarterback last year, but did not see as much action as he will this year. He was commended for his play in the losing encounter with the National Junior College champions, the strong eleven from Hind's Junior College.

The Wildcats dropped a slim one point decision to the Hind's.

Coach Dobie Holden, who coached at Pascagoula when it had its Big Eight champions, is putting his charges through rough training in preparation for this week's game with Copiah-Lincoln Saturday night.

Holden has been stressing both offensive and defensive work.

Pearl River will be seeking to gain a higher position in the Mississippi Junior College ratings.

## Hold Meeting

The Blue Jeans Garden Club held its regular meeting on September 19th at the home of Mrs. John Bordages in Lake Shore with Mrs. William Bordages as cohostess.

The meeting was presided over by the president, Mrs. John Saleeby and the devotion was given by Mrs. William Bordages. Mrs. Buelah Jeanfran, a new member was received into the club.

Arrangement judging was as follows:

Best Potted Plant, Mrs. John Bordages.

Horticulture, Mrs. Simms.

Best Dried Arrangement, Mrs. Rae Cope.

Best Wild Arrangement, Mrs. Rae Cope.

Best Cultivated Arrangement, Mrs. John Bordages.

Best Miniature Arrangement, Mrs. Ben Peterson.

Mrs. Florence Poegele received the entrance prize.

The October meeting will be held at the home of Mrs. Finn with Mrs. Harvard Burleigh as co-hostess.

## Blanchard - Faust Engagement Announced; Wedding Nov. 12

Mr. and Mrs. Joseph Seuzenbach, Blanchard of Bay St. Louis, Mississippi, announce the engagement and approaching marriage of their daughter, Suzanne, to Mr. Donald Joseph Faust, son of Mr. and Mrs. Edwin John Faust, formerly of St. Louis, Missouri, now of New Orleans, Louisiana.

Her mother is the former Mary Sblis of New Orleans, La.

Mr. Faust received his B. A. degree from Loyola University where he was a member of Pi Kappa Epsilon Fraternity. His mother is the former Marie Fritschle of St. Louis, Missouri.

The nuptials will be solemnized at the Church of Our Lady of the Gulf, Bay St. Louis, Mississippi, on November 12 at 11:00 A. M., with a reception following the ceremony at the

home of Mr. J. Henry LaRose and Mr. and Mrs. Earl Buckley, close friends of the bride's family.

Miss Blanchard has selected as her maid of honor, her sister, Miss Joanne Blanchard, and as bridesmaids her sisters, the Misses Marianne, Dianne, Julianne, and Anne Blanchard. She will have as junior bridesmaid her sister, Patricia Anne, and as flower girl, her cousin, Robin Ballina, daughter of Mr. and Mrs. Harold R. Ballina of New Orleans.

Mr. Faust will have as his best man his brother, Mr. Richard Faust, and as groomsmen and ushers Messrs. Arthur J. Keenan, Andre Trawick, cousin of the bride, Robert Walsh, Laurence Young, Robert Ballina, cousin of the bride, and Charles Unger.

## Pass Alpha Omicron Chapter Holds Meeting

A large number of members and guests attended the bi-monthly meeting of the Alpha Omicron Chapter of Beta Sigma Phi in the chapter room at the Community Center in Pass Christian.

Mrs. Edith Lozes president introduced Miss Rosalie Lindsey, language teacher at Librarian at Pass Christian High School.

The cultural program was presented by Miss Lindsey who of her travel and experiences gave an interesting account of her travel and experiences while teaching in Central America.

She spoke of the customs of the people and displayed a lovely collection of their handicraft. After Miss Lindsey's talk a discussion followed and everyone examined her collection.

## New Mississippi Power Company Steam Electric Plant Under Construction

Mississippi Power Company officials have announced the awarding of a contract for concrete work on the Company's Gulf Coast steam-electric generating plant. Preliminary construction has been underway at the site, located midway between Gulfport and Biloxi, for several months. The first unit of this plant will have a capacity of 100,000 horsepower and is scheduled for completion in 1957. Unit capacity of the plant will be in excess of half a million horsepower. Construction of this first unit will require over 1,000,000 manhours of labor and over 1,400 freight car loads of material. It is estimated that 450 workers will be employed during the peak of this construction. Most of the work in construction of this type requires skilled workers. The concrete contract, awarded to R. L. Farnsworth & Co., of New Orleans, calls for the construction of foundations and substructure for the main plant and sub-station and for

the construction of cooling water intake and discharge tunnels. Approximately 16,000 cubic yards of concrete and almost two million pounds of reinforcing steel will be used in this phase of the construction.

The base slab for the plant building will be of reinforced concrete four feet thick and will rest on pilings which have been driven so that the tops of the pilings is below sea level. This is approximately 19 feet below ground level at the site.

Both the intake and discharge tunnels for carrying cooling water will be 16 feet below the base slab and will extend approximately 400 feet outside the plant itself. These tunnels, also, of reinforced concrete will have inside the plant itself. These tunnels, also of reinforced concrete will have inside measurements of 12 feet by 12 feet. Cooling water will be obtained from

## "Telezonika" To Be Used By County Schools

The Telephone Company expects to begin the circulation of their Audio-Visual training aid, "Telezonika". It was announced today by Mr. J. C. Dabney, Group Manager, of

the Biloxi river through a canal leading to the intake tunnel. The initial unit of this plant will require approximately two million gallons of cooling water per hour. This water will pass through approximately 50 miles of condenser tubing and will then be discharged with no loss of volume.

Construction on the railroad track from the Illinois Central Railroad to the plant site is already under progress by the Railroad company. Officials of the company stated that other excavation work at the plant site is virtually completed.

All phases of construction are progressing satisfactorily.

Gulfport. It is intended that this training aid be circulated to all elementary schools, public private and parochial.

The Telezonika Kit contains telephone instruments that can be set up for class room practice, 35 M. M. film strips, individual work booklets for each student, and a 16 M. M. colored marionette film explaining in detail assistance of the Audio-Visual Materials Consultation Bureau, College of Education, Wayne University.

The material is presented as recommended by the Bureau after consultation with more than 1,000 elementary school principals and teachers.

"It is desired that this 'Kit' be used in the fourth grade as it has in the past few years," Mr. Dabney stated, "and any educators desiring this material should call the Gulfport Business Office, telephone No. 9900."

"We will be able to schedule this training aid with all schools served by, or in the vicinity of, Gulfport, Bay St. Louis, Logtown, Pass Christian and Wiggins," Mr. Dabney stated.

## First Baptist Church To Observe Brotherhood Week; Dr. Lee to Speak

Two programs at First Baptist Church this week will highlight the observance of Brotherhood Week. Activities will begin at 8:30 on Thursday evening when Baptist men from Biloxi to Pearlport will gather at First Baptist Church in Bay St. Louis for a quarterly rally of the Gulf Coast Baptist Brotherhood. Dinner will be served at that time on the church lawn by members of the local Brotherhood of First Baptist Church. Following the dinner, a brief business meeting will be held after which a speaker will deliver an inspirational message.

Mr. Forest Eastham of Biloxi is president of the Gulf Coast Brotherhood Association. Mr. George Garcia is the newly elected president of the Bay St. Louis group.

Next Sunday morning at 11:00 o'clock the men of First Baptist Church will be in charge of the morning service. Sunday has been designated "Laymen's Day" in the church. The guest speaker will be Dr. Robert L. Lee, Associate Executive Secretary of Louisiana Baptists in Alexandria. Dr. Lee is a graduate of New Orleans Baptist Theological Seminary and served for two years as pastor of the First Baptist Church in Bay St. Louis until the latter part of 1953, at which time he went to the pastorate of First Baptist Church of Delridge, La.

Dr. Lee's message on Sunday morning will climax the observance of Laymen's Day which is sponsored by the Brotherhood of First Baptist Church.

## BIRTH

Mr. and Mrs. Brewster Mollere announce the birth of a son, Brian Egan, on Wednesday, September 21st at Kings Daughters Hospital. This is the third child born to the Mollere family. All are boys. Mrs. Mollere left the hospital Saturday and is at home in Waveland.

## Bell Telephone Reveals Nation Near All Dial

Mid-year Bell system statistics show that during the past three months, the Bell system moved one percent closer to being all dial, from 84% dial advancing to 85% dial. And in the process 23 thousand more employees were added, in just three months, to meet the nation's demand for more complete and satisfying service. A nation's demanding more convenience color, style and simplicity of use, in its telephone service.

Included among the guest speakers is Walter Cooper, of Fort Collins, Colorado, Chairman of the National Automobile Dealers Association; Dan O'Madigan, Sales Manager of the Packard-Studebaker Corporation and W. E. Burlew, Executive Vice President, Securities Investment Company, St. Louis.

Max McLaurin, prominent Jackson dealer, is President of the Mississippi Association and Vice Presidents include Beverly Briscoe of Biloxi; Leon White, of Union and Victor Box of Corinth. Homer McLeod, of Greenwood, is treasurer.

## Why Buy In Mississippi?

In order that every person in Mississippi profit most from the community of which he is a part, to buy in Mississippi is imperative. Each year Mississippians spend millions of dollars for goods and services purchased outside Mississippi borders. Goods and services which could and should be purchased in Mississippi, whether they be on the retail, wholesale, or distributor level.

Each citizen should realize that dollars spent at home swell local payrolls, for increased business demand means more manpower with which to meet that demand. Local business bears the burden of the taxation which supports local charities, promotes cultural advances, and carries out programs of social welfare. Dollars spent with local business firms provide a more abundant source for tax revenue which in the end will produce a higher standard of community life for YOU. Each dollar spent in Mississippi is estimated to have a five-time turnover, which means a 5% tax revenue for each dollar invested in business channels. Mississippians receive no tax benefit from dollars spent outside state borders.

Far-reaching reasons for buying at home include an increase in local merchandising, an increase in industrial interest in this region, an increased interest on the community level for civic improvement programs and pride in local achievement.

Let's buy in Mississippi and Watch Mississippi Grow!

### CHANCERY SUMMONS

To Gevenleve Favrot Byers  
2221 Chestnut St., New Orleans, Louisiana

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on the 4th Monday of October A. D. 1955, to defend the Suit No. 7341 in said Court of William Dan Byers, wherein you are a defendant.

This 1st day of September A. D. 1955.

(SEAL) A. C. MITCHELL, Chancery Clerk.

By: H. E. Englehorn, D. C. 9-8-55

### NOTICE OF TRUSTEE'S SALE OF LAND

Whereas, on the 26th day of

March, 1955, Mrs. Inez Rober, son executed a deed of trust on the land hereinafter described to the undersigned Trustee to secure an indebtedness to Mrs. J. W. Lizana, individually, and as attorney-in-fact for Adolph Von Lubbe, which deed of trust is recorded in the records of mortgages and deeds of trust on land of Hancock County, Mississippi, in Book 61 on pages 569 & 570; and

WHEREAS by the terms of said deed of trust there was conveyed in trust for the purpose of securing said indebtedness the following described land situated in Hancock County, Mississippi to-wit: The North Half of the South-

west Quarter of Section 13, Township 7 South, Range 14 West, together with all the privileges and appurtenances thereunto belonging or appertaining.

Default having been made in the payment of said indebtedness secured thereby to foreclose said deed of trust, and sell the property hereinabove described for the satisfaction of said indebtedness.

NOW, THEREFORE, I, the undersigned Trustee, by virtue of the authority conferred upon me in the aforesaid instrument will, on Monday, the 3rd day of October, A. D. 1955, within legal hours, in front of the front door of the County Court House at Bay St. Louis, Hancock County, Mississippi, offer for sale and sell, at public outcry, to the highest bidder for cash, the property hereinafter described, for the purpose of satisfying the indebtedness aforesaid and the expenses of said sale.

I will convey only such title as is vested in me.

Signed, Posted and Advertised this, the 8th day of September, A. D. 1955.

E. S. DRAKE, Trustee.

### Lakeshore Notes

By MRS. MALCOLM GREEN

Fire struck again in our area last week, when someone carelessly set fire to the dry brush off the beach between Clermont Harbor and Lakeshore. For some time the homes on the Lakeshore road near the beach were in danger, but volunteers worked tirelessly and were able to check the fire with the aid of the Waveland fire department. Once again we are reminded of our need for organized fire fighters, and everyone should think first before burning trash or the dry grass for the woods are very dry and carelessness in these matters may cast human life as well as property of our own and others.

Happy birthday to Miss Evelyn La Fontaine, Velma Louise LaFontaine, Holly Rae Green, Lonnie Strickland and Mrs. John Hourbight.

Friends of Mrs. Gordon Garre are glad she is feeling better after being ill these past two weeks.

Mr. and Mrs. Mounse LaFontaine of Gulfport came over last week to visit relatives and friends.

Mrs. Daisy Colon of New Orleans was a recent visitor to the home of her brother Mr. and Mrs. Glover Green.

Lawrence Carco is away on his new job with the Louisiana Conservation Department.

Mrs. Clyde Lader was a recent patient in a New Orleans hospital. During her illness, the Laders' three small children visited in Lakeshore in the home of Mr. Lader's aunt and uncle, Mr. and Mrs. Andrew Lader.

### CHANCERY SUMMONS

The State of Mississippi

To EDWARD ROBINSON,

whose place of residence, Post Office and Street Address are unknown after diligent search and inquiry and who is believed to be a non-resident of the State of Mississippi

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on the Fourth Monday of October A. D. 1955, to defend the suit No. 7355 in said Court of Lavan Hammond Johnson Robinson, wherein you are a defendant.

This 23rd day of September A. D. 1955.

(SEAL) A. C. MITCHELL, Chancery Clerk

By: Majorie J. TOLA, stipendiary

## Pass Christian Ladies Auxiliary To Entertain

The Ladies' Auxiliary of the Pass Christian Yacht Club will entertain at a luncheon and fashion show Wednesday, October 5th in the Clubhouse. Co-chairmen of the event are Mrs. John M. Parker, Jr., and Mrs. John E. Kerrigan. The Committee chairmen include Mrs. Charles B. Merrick, models; Mrs. Thomas Airey Parker, decorations; Mrs. William B. Scott and Mrs. Sidney Ellis, Jr., reservations; Mrs. Harry Whitman, luncheon; Mrs. William Lighter, Miss Irma Johnson and Mrs. Benjamin Temple Brown, publicity.

The models will be members of the Yacht Club, and are as follows: Mrs. Joseph A. Arrey, Jr., Mrs. J. Paul Radtke, Mrs. Edward Glusman, Mrs. Oliver Ivancovich, Mrs. Claude W. Schneider, Mrs. Harry Whitman, Miss Jane Brown, Mrs. Wilson Arnold, Mrs. George E. Morse, Mrs. Randall Jones, Jr., Mrs. Donald J. DeMetz and Mrs. Haywood H. Hillyer, Jr.

## Scout Leaders Help Pass Pack With Training

Harry Maxfield, scout executive of the New Orleans area, and Jimmy Fos, field representative in scouting for this area, have joined forces with local cubbing leaders in order to strengthen and continue the progress being made by Cub Pack 218 in Pass Christian.

The New Orleans area will conduct three sessions of study for cub leaders, beginning on Thursday, Sept. 29, continuing on Thursday, October 6, and concluding on Thursday, October 13. These classes will be held in the home of Mrs. E. A. Allen of Sherman Drive and will begin at 10 a. m. each Thursday morning. Those attending will bring their "nose-bag" lunches (after the fashion of scoutings) with coffee and cold drinks being supplied.

Morning After

THE DAY AFTER a fire... If you weren't insured... you'll either lose your home or spend your bankroll (if you're lucky enough to have one) rebuilding.

Obviously, it's much better to be insured. Call on us today.

**Hancock Insurance Agency**

Ph. 108 - Hancock Bank Building - Bay St. Louis

by the hostess. Some New Orleans den mothers will take part in the work by conducting class in hand crafts suitable for boys of cubbing age. There will be round-table discussions of cubbing situations with a view to working out the best possible program of activities for boys within Pack 218.

Mrs. Allen has extended an invitation to the den mothers of Bay St. Louis to attend the meetings and take advantage of the available helps.

Den 1 Pack 218 is composed of nine charter members who are candidates for the Lion's badge and when they have completed their courses in May 1955 will be graduated, given certificates and awarded the Webelos Order Badges. This is the highest possible achievement in cubbing and the only badge from cubbing experiences that is worn on the uniform of the Boy Scout who has advanced from cubbing ranks. Plans are already being formulated for an impressive Webelos Ceremony for those honor graduates.

Since the beginning of September these Lion Cub candidates have begun a course in Music Appreciation and have completed a unit of work including the history of national anthems of America. Hand crafts are centered around the making of Christmas gifts. The cubs have made decorative mail buckets, pencil holders, bulletin boards and games for children. At each meeting additional instructions for making of gifts are a part of the curricula. Cubs from this den are earning the money with which to pay for craft materials through the sale of cards (both Christmas and every day assortment.)

## Seminary Students Make Retreat

At St. Augustine's Seminary, fifty-seven students preparing for the priesthood made a 3-day spiritual retreat. The students, who make up the Seminary's high school department, began their retreat Thursday night, September 22nd and closed it Sunday morning with Holy Mass. The director of the retreat was the Rev. Joseph A. Francis, S. V. D., of Holy Rosary Institute at Lafayette, Louisiana. The retreatants gathered 4 times a day in the seminary's chapel to hear the inspiring talks delivered by the retreat director. After each talk they were allowed a period of time for prayer and reflection. The retreat reached its most fervent hour at 8:00 p. m. on Saturday when all the participants gathered in the chapel's spacious sanctuary to publicly renew their baptismal vows and acknowledge anew their interest in a future missionary career. School work had already been under way two weeks when the

retreat opened for the students. Among the fifty-seven candidates to the priesthood at St. Augustine's are four whose home is in the State of Mississippi. John Sudbury, a senior, is from Meridian; Robert Antwine, a freshman, is from Vicksburg; John Saucier, a sophomore, is a local student, son of Mrs. Gettrude Saucier of 237 St. Charles; Walter Scott Favre, freshman, is also a Bay St. Louis youngster. His parents, Mr. and Mrs. George Favre, reside at 135 State St.

Othe states that claim students at the local seminary are Louisiana, 38; Texas, 8; Alabama, 2; Arkansas, Florida, Michigan, North Carolina, 1 each; and the Canal Zone, 2.

## Waveland News

Mrs. R. C. Bordages spent the weekend in Baton Rouge, La., with Mr. and Mrs. Edward Carrio and daughter.

Happy birthday to Tom and George Mayfield, sons of Mr. and Mrs. James Mayfield.

Mr. and Mrs. Arbie Dicknite of Omaha, Nebraska are visiting Mr. and Mrs. Frank E. Hoggins.

Mr. and Mrs. Edward Fayard and children of New Orleans are visiting Mr. Fayard's parents, Mr. and Mrs. Eddie Fayard.

Mrs. Chris Lader of Market street, remain critically ill in a New Orleans hospital.

Mr. and Mrs. Frank La Rosa and daughter were weekend guests of Mr. and Mrs. Turner Soldini.

Mr. and Mrs. Gerald Evans and children and Mrs. Alice Holderith spent the weekend at their home on Coleman Avenue.

## Get a new street quickly and economically with durable, low-cost SOIL-CEMENT

A clean, attractive, smooth-riding street in front of your house increases the value of your property. A dusty, bumpy potholed street is unsightly and unsafe. It is a nuisance to drivers who must use it and to property owners who live on it.

If your street is worn-out and run down, it can be converted into an all-weather pavement quickly and economically. Just ask your city officials to pave it with soil-cement. Soil-cement is a combination of soil or granular material usually already on the street and portland cement and water. Mixed and compacted, these elements form a rigid, durable base. A bituminous surface completes the pavement.

Soil-cement paving is fast. Your entire street can be paved in a single day - with little inconvenience to you. It's economical too! Low in first cost, it gives years of dependable service with little upkeep.

Act now to pave your worn-out street with soil-cement. It's today's best low-cost pavement value.

**PORTLAND CEMENT ASSOCIATION**  
620 North 22nd Street, Birmingham 3, Alabama

A national organization to improve and extend the uses of portland cement and concrete. It's the only national organization of its kind.

SOIL-CEMENT OFFERS LOW IN FIRST COST, HIGH IN VALUE

## County Agent Notes

October 8-15 is National Fire Prevention Week. Last year farm fires cost American farmers \$157,000,000. Many of these fires could have been prevented.

Fire prevention week offers Mississippi farmers an opportunity to remove fire hazards from their homes and farms.

Spontaneous ignition accounted for more fires than any other single item. Here is a way to reduce fires from this cause: Be sure that all hay is well cured before storage. Place hay in the mow evenly in layers. Ventilation flues in hay mows help prevent heating.

Watch out for electrical faults. Prayed insulation, loose or sagging wires and fixtures can count for many electrical fires. Overfusing (using too high amperage fuses) is also dangerous. Never use a penny behind a fuse. Always turn off electricity before making repairs.

Lightning rods of the correct size and material and properly installed and maintained on every farm building will almost eliminate the fire hazard from lightning, which caused more than 10 percent of all farm fires last year.

Store gasoline, kerosene and all other flammable liquids at least 50 feet from major farm buildings. They should be stored in a locked building, or underground. Remember gasoline vapors are highly explosive and they may sink to the ground so that you cannot smell them. Never strike a match near the gasoline storage place. Label all containers as to their contents.

Cultivate safe smoking habits. Do not smoke in or around barns or other service buildings. Post and enforce no smoking signs.

Make sure that no one on your farm uses kerosene as a "booster" for slow fires or to start fires. Careless use of this material and gasoline in farm homes last year accounted for more than 14 percent of all fires in farm homes.

**COTTON HARVESTING**  
As you know, cotton is sold on a basis of grade and staple. Assuming that staple length is almost constant, higher grade cotton will pay off in more money per bale.

Grade is based on color, amount of foreign matter in the cotton and in gin preparation. You can get better color by picking cotton promptly, and by all means before rainy weather sets in.

Here is how to get less foreign material in the cotton: Defoliate, pick clean, and do not tramp into cotton wagons or trailers.

For smooth preparation, dry dew-damp seed cotton four to seven hours in the sun, dry green seed cotton for 10 days before hauling to the gin. Ask the ginner to gin with a loss seed roll.

These seemingly small items add up to quite a bit of money. Based on the loan price for 1-16 inch staple cotton, there is \$24.50 difference per bale between strict middling and strict low middling.

**CATTLE LICE CONTROL**  
Re-charge that homemade back rubber with a recommended insecticide. This will help keep your cattle free from lice during the coming winter at an extremely low cost to you. Little labor is involved in this method of lice control, as the cattle treat themselves and require no herding. For details, see your local county agent.

**NOTICE TO BIDDERS**

The little girl who goes to dance school

... learns to meet people gracefully. And she is never baffled. Never embarrassed. Because she is taught that social poise which will carry her through life so much more confidently. Only here, in the stimulating experience of the dance class, will she develop a sense of delightful, individual accomplishment as well as the posture, rhythm, the co-ordination, the poise, that molds a youngster into a better social being—graceful, gracious, self-possessed. That ease in public appearance, that lovely poise and graceful confidence in meeting new people, new situations—these are some of the rewards for the little girl who goes to dance school. Your daughter has the potentialities. It is only a matter of giving her the opportunity. Don't let her miss this chance. Right now, why not come in and talk it over. Together we can find the class that offers just the right instruction for your little girl.

## Heart Forum To Be Held Here Oct. 11; Dr. Tillman To Lead Panel

If present trends continue, the majority of people reading these words will die of heart disease.

That's a strong statement—but a true one.

Week in and week out, year after year, vital statistics prove that diseases of the heart and blood vessels cause over half of all deaths in the United States. In Mississippi, in Hancock County.

What is being done to improve that grim picture will be told October 11, when four

physicians present a free one-hour forum on Heart Facts in Bay St. Louis.

Sponsored by Hancock County Chapter of the Mississippi Heart Association, the free forum is to be held at Bay High, beginning at 8:00 p. m. Mrs. C. R. Beyer and Mrs. Joseph Kern local heart association chairman, stress that there is no admission charge.

Dr. Clifford Tillman of Natchez will spearhead the panel discussion which will put emphasis on rheumatic heart dis-

ease, the great child crippler, and one ailment which can be prevented.

Drs. George Twente and Joseph P. Melvin, Jr., of Jackson and Wesley Lake of Pass Christian, will complete the panel.

They'll explain some of the recent medical advances which help combat heart disease. They'll tell about new drugs which lower blood pressure to help the hypertensive patient. They'll discuss new techniques for diagnosing and treating blood clots; report dramatic improvement in surgery which allow surgeons to operate right inside the beating heart. They will outline what can be done

for the child who is born with a faulty heart.

Of great interest to the person who wants to protect his own heart, or the parent who wants to care for a child, these four physicians will explain nature's warning signals which indicate there's trouble brewing in the heart.

They'll help each mother learn to recognize the signs and symptoms of rheumatic fever which has damaged the hearts of a half million American children, but which can be prevented. This lifeline of information will be yours for the taking on Tuesday, October 11, at the free forum sponsored by Hancock County.

## The Great Adventure

About 400 years ago John Heywood, an English author, collected and printed the popular proverbs of his people, many of which repeated even into our time.

'When the sunne shineth, make hay,' he wrote. And about then Cervantes, Spanish author of the famed Don Quixote wrote, 'Make hay while the sun shines.'

The wisdom behind this old saying means far more than a suggestion to work in good weather. The idea of making hay while the sun shines was to put the stuff in the barn before it rained on it.

And the clever Englishman who passed this proverb down to us was also thinking about the wisdom of taking full advantage of opportunities while the going is good. In periods of prosperity it was the smart thing to 'make hay', and put some money by for the stormy days when it would be needed.

We have learned much that Heywood, Cervantes and other smart writers did not know 400 years ago. Marked progress has been made in agriculture, business and science. But the wisdom of our forefathers, gathered through the generations and handed

down to us, is still good economic gospel and common sense and part of our priceless heritage. Nothing can take the place of experience as a teacher....

It was true 400 years ago and will be just as true 400 years from now that it is wise 'when the sunne shineth,' to make hay. The sun of prosperity shines as it never has before. Wages have never been higher, never such full employment and business keeps breaking all past records for peace times.

But there are a few economists who do see little clouds out on the horizon; a storm one day could upset our plush economy. Isn't it a good time to stack some hay in the barn?

A growing bank account with a substantial balance, someday put into a savings account, could all be hay one day when drouth comes or the rains fall. These are the days of the golden harvest for those blessed with the foresight and common sense to lay a firm foundation for their future fortunes. Its a good time to make hay.

We Thrive On Thrift
